| | | 2004 The Man Who Walked | |

The American Library Association awards the Caldecott Medal to the American artist who created the most distinguished picture book of the previous year. Criteria focus on excellence in pictorial presentation for children. Most of these books will be found in the picture book collection in the Berry Room ("jp"), under the first letter of the author's last name, but some are shelved in other parts of the library. Check the computer catalog for location and availability.
